336-708-7723 | awkohler@liberty.edu | linkedin.com/in/aronne-kohler-2b1204292/ | github.com/awkohler | awkohler.dev

## EDUCATION

**Liberty University**  
*B.S. in Computer Science*

Aug. 2022 – May 2026  
Lynchburg, VA

## LEADERSHIP EXPERIENCE

**Founder & CEO, Botflow LLC**  
*Lynchburg, VA & Greensboro, NC*

Aug. 2023 – Present

- Launched Botflow LLC, a **SaaS** platform for creating embedded **AI** chatbots on client websites.
- Acquired and managed three initial client contracts, overseeing requirements gathering, billing, and delivery.
- Architected and developed the full-stack application using **Next.js**, **React**, **MySQL** & **Prisma**; deployed on Vercel.

**Botflow LLC Capstone**  
*Liberty University*

Aug. 2023 – Present  
Lynchburg, VA

- Defined product roadmap and feature requirements for a team of four senior developers.
- Held weekly sprint planning and review meetings, ensuring milestones were achieved on schedule.
- Coordinated QA cycles and integrated customer feedback, resulting in a **100%** completion of planned tasks.

**Secretary, AI Club**  
*Liberty University*

Jan. 2023 – Present  
Lynchburg, VA

- Organize weekly meetings, record meetings, and coordinate guest-speaker workshops for a 30-member student organization.

## TECHNICAL SKILLS

**Languages & Tools:** TypeScript, JavaScript, Java, Python, SQL, Git, C++, Swift, Kotlin, SQL, HTML/CSS, Docker

**Frameworks & Libraries:** React, Next.js, Node.js, Angular, Prisma, React Native, Tailwind CSS, Pandas, NumPy, Matplotlib, Reactflow, AI PyTorch, Scikit-Learn

**Databases & Data Stores:** MySQL, PostgreSQL, MongoDB, Redis, Pinecone, Epsilla, s3

**Cloud & Services:** Vercel, AWS, Supabase, OpenAI API, Anthropic API, Stripe, Cloudflare, GCP,

## PROJECTS

**Botflow.io (TypeScript, React, Next.js, Prisma)**

Aug. 2023 – Present

- Built and iterated on **Botflow.io**, a service enabling clients to embed **AI** chatbots that schedule, take payments, and perform database queries.
- Leveraged **OpenAI** and **Anthropic's** API alongside **RAG** in a **Next.js** powered full-stack application
- Secured **three** launch customers and integrated custom workflows for appointment booking and payments.

**Linkme.ltd (TypeScript, React, Next.js, SVG)**

Oct. 2024 – Present

- Built an open-source alternative to Flowcode for generating compliant, customizable QR codes.
- Leveraged advanced **SVG** manipulation in React, and offered exports in PNG, JPG, and PDF formats.
- Integrated IP-based geotracking for scan analytics and user insights.

**Buddy Shopping AI (TypeScript, React Native, Expo)**

Nov. 2024 – Present

- Co-founded and developed an AI-powered shopping assistant mobile app.
- Utilized Google Shopping using **SERP API**, and **Vertex AI** for visual product search and recommendations.

**Personal Website (Next.js, Tailwind CSS, React, Framer Motion)**

May 2025

- Designed and developed a responsive portfolio site (**awkohler.dev**) to showcase projects, and design skill.
- Implemented dynamic animations and theming with **Framer Motion** and **Tailwind**.

## AWARDS

**3rd Place, University-Wide Create Fest**  
*Liberty University*

Apr. 2024

- Awarded **\$1,000** in seed funding for **Botflow.io** development.
